

# TAN-TINH BUI (TRISTAN)

101.tristan.bui@gmail.com

**Dear Hiring Team,**

I'm Tristan, a product and application security professional driven by curiosity and a passion for lifelong learning. I focus on continuously improving myself and the systems I work on, with a positive mindset that treats security as an enabler, not a blocker.

I enjoy collaborating closely with cross functional teams to make products more secure and resilient. Sharing knowledge, mentoring peers, and exchanging ideas are central to how I work, as I believe the best security outcomes come from collective insight and proactive teamwork.

I am eager to bring this perspective and adaptability to the team and company, helping strengthen security practices while enabling innovation. I look forward to discussing how my skills and experiences align with your goals and exploring how we can collaborate to deliver meaningful, measurable results. Thank you for considering my application I appreciate your consideration.

In addition, I'm fully eligible to work in France under the job seeker residence permit, as I completed a French Master's degree within the last four years. This allows me to legally hold authorized employment in France while continuing the pathway toward long-term work status.

Thanks, and Best Regards,

Tristan Bui
